

"Where can I park, and what doors are open for Southwest Community Education classes?"

Dear Community Education student,

Welcome to Southwest Community Education! For security reasons, we limit the number of doors that are open in the building, both during the day and night. **You can enter our building at Door #1 on West 47th Street at Beard Avenue or Door #15 at the cul-de-sac on Beard Avenue up the block from 46th street. Our office is in Room 101 in the new center building inside Door #1.**

Two types of parking exist on the 4600 and 4700 blocks of Abbott, Beard, Chowen and Drew Avenues:

- One side of each of these blocks is restricted to neighborhood residents who have permits, between 6:00 am and 9:00 p.m., on school days.
- The other side of these blocks will be open to all drivers- some or all of the day. Students, Community Education participants, and other school users may only park on the open side of the street.
